PROFESSIONAL EXPERIENCE

Nexleaf Analytics, Remote

Senior Software Engineer, Frontend

September 2022 – August 2025

- Team lead, delivering complex features end-to-end for SaaS data dashboard, partnering with Product to refine UI/UX, resolve ambiguity, and ship responsive, high-impact, scalable and maintainable interfaces aligned with Figma designs
- Owned the re-design, user testing, implementation and delivery of critical device installation dashboard workflow that supported every technician in the field and cut install time by 50% ahead of a major hardware release
- Architected and implemented full-stack solution for medical equipment maintenance ticketing platform: created responsive UI components and data integration services that connect Angular frontend with RESTful backend APIs for 16K+ users
- Built and deployed a secure invite and signup system leveraging JWT tokens, enabling seamless onboarding of new users
- Proactively unblocked frontend progress by decoupling dependencies and dipping into the backend as needed
- Contributed to design and development of LLM AI chatbot to help users get quick data snapshots of their devices
- Mentored engineers by onboarding teammates to codebases and frontend systems, accelerating their ability to contribute
- Angular, TypeScript, RxJS, SCSS, HTML, Python, Docker, RESTful API, Jasmine and Karma, AWS, Figma, amCharts, Agile

EnviroIssues, Seattle, WA

Web Developer

May 2018 – August 2022

- Lead developer on creative team building responsive, accessible websites to support outreach strategies for public clients
- Led the design and delivery of a React-powered public meeting comment lottery platform, improving civic participation
- Managed Azure blob storage and database redundancy, as well as DNS records and subdomains for dozens of websites
- React, HTML, CSS, JavaScript, JQuery, Charts.js, SQL, Bootstrap, Google Maps API, Google Analytics, GitHub, Bitbucket, Azure, SiteGround, Alchemer. CMS: Orchard, WordPress, headless CMS, WCAG compliance

Business Development Associate

April 2013 – August 2015

- Managed business development team and built metrics dashboard and data analysis tools to better assess trends

Tilth Alliance (Seattle Tilth) Seattle, WA

Director, Environmental Programs

August 2015 – November 2017

- Oversaw strategy and direction for 11 person team; managed \$890K project portfolio funding core environmental programs

Management Systems International, Washington, DC

Business Development Associate, Consultant

Sept 2009 – July 2011, August 2007 – August 2009

- Coordinated proposal teams of mid and senior staff to compete for foreign aid projects up to \$21million across sectors
